# GENIE TASK SEATING

## PRODUCT SPECIFICATIONS

## Genie®

With its supreme look, advanced ergonomics, and extensive breadth of line. The distinctive genie lamp shape of the back frame stands out as not only a beautiful design but a purposeful one as well. Its contours promote movement by the way the back narrows at the top, which allows for upper body thoracic mobility in the shoulder area and great comfort and support throughout the body.

### Product Overview

- Unique, contoured mesh for upper thoracic mobility.
- 6 seats all in one look.
- Quick adjust advanced synchro and body balance mechanisms w/ optional seat depth adjust.
- Numerous mesh, arm, and base options.

**STARTING AT \$ 1,283.00 (LIST)**  
**YOUR PRICE \$ 679.99**

## Genie Copper Mesh®

Healthcare seating at its finest! The Genie Copper Mesh Task Chair offers copper-based proprietary and patented technology woven into the fibers of the mesh to give you a biocidal, anti-fungal, antiviral, and anti-color, self-sanitizing mesh; perfect for any healthcare, home, or office setting.

### Product Overview

- Unique copper infused mesh which is sterile & easy to clean.
- Genie's comfort foam standard.
- Quick adjust advanced synchro and body balance mechanisms w/ optional seat depth adjust.
- Standard (A) size seat with quick adjust advanced syncho control

**STARTING AT \$ 1,494.00 (LIST)**  
**YOUR PRICE \$ 791.82**
