

Technical Specifications

Alt3™ Conference Chair

Mechanism

Swivel tilt mechanism is a stamped steel dual housing which includes swivel and tilt tension. Steel handle with molded urethane paddle controls seat height adjustments along with single lock out or free-float action. Standard seat height range adjusts from 16¼" to 19½". An auto height/auto return pneumatic cylinder option is available, which returns the chair to its original front-facing and highest positions.

Backrest

A black reinforced plastic frame with mesh insert. Mesh (100% polyester) is available in three colors: Black, Champagne, Grey.

Seat

High-density plastic seat liner and polyurethane foam, upholstered in fabric or leather. The seat is field replaceable.

Base

Two 23" five blade base options are available, a reinforced black nylon base or a polished aluminum base.

Casters/Glides

The double 50mm diameter black wheels are molded of reinforced plastic. Carpet or hard floor casters are available. A reinforced plastic glide option is available.

Fixed Loop Arm

Black reinforced plastic arm.
