

QUICK REVIEW ■

Sitka™ Stack Chairs

July 2017

Sitka's Perfect Pivot™ exactly mirrors natural body movement to provide the ultimate in sitting comfort. Sitka understands you - how you move, how you sit, how you relax ... it acts as your shadow. Sitka collection features the world's first true ergonomic stack chair.

Sitka Collection designed by Giancarlo Piretti

- A. Back material flexes sideways (torsional flex). Contoured back provides support.
- B. "Perfect Pivot" aligns exactly with hips, creating a most comfortable sitting experience
- C. Optional translucent backrests provide unique high-design appeal (Diamond or Pewter)
- D. Deeply contoured seat for a conforming, comfortable, long-term sit
- E. Armless, cantilever arm, flip-up tablet, oversize flip-up tablet, or flip-fold tablet
- F. 4-leg with glides, 4-leg with casters, or sled base frame
- G. Stacks 12-high on dolly - 5-high on floor

*Poly back/poly seat, poly back/upholstered seat, or upholstered back/upholstered seat
Tested to 400 pound weight rating*
