## Sitka™ Task Chairs

July 2017

*Sitka Collection designed by Giancarlo Piretti*

- A. Back material flexes sideways. Contoured back provides support.
- B. "Perfect Pivot" aligns exactly with hips, creating a most comfortable sitting experience
- C. Optional translucent backrests provide unique high-design appeal (Diamond or Pewter)
- D. Deeply contoured seat for a conforming, comfortable, long-term sit
- E. Cantilever arms or armless
- F. 26" base for stability
- G. Pneumatic seat height adjustment (17-1/4" to 22-1/4" range)
- H. Hard or soft double-wheel casters are high-impact thermoplastic

*Poly back/poly seat, poly back/upholstered seat, or upholstered back/upholstered seat*

*Tested to 24/7 usage and 400 pound weight rating.*
