Today's fast-paced office is the perfect place for the contemporary style and unmatched comfort of Breathe™ Seating. The sleek styling of this high-back chair makes it the perfect addition in any organization.

Breathe Seating offers a beautifully sculpted polypropylene back structure wrapped in a double layer fabric mesh that offers the ultimate in support and breathability. The soft, yet durable double layer mesh fabric placed over the foam cushion improves ventilation and helps reduce fatigue. (.COM option available on seat fabric only).

The comfort is further enhanced by the soft, padded arms, adjustable lumbar support and synchronized tilt mechanism. The adjustability offers every user a number of positions to ensure an ergonomically sound position throughout the day.

Employees in the modern office spend a lot of time at their desks, making comfort and productivity key concerns. Now you have a seating option that offers all the style and grace of fine office seating. All with the refreshing benefits that are only available with Breathe Seating.

SLED BASE

PEDESTAL BASE

Heavy-duty, 5-star die cast aluminum base offers built-in molded slip/scuff protectors and durable dual wheel carpet casters.

PEDESTAL BASE WITH HEADREST

Breathe has an easily accessible tilt tension knob. Turning knob clockwise increases back tension and turning counter clockwise decreases back tension.

Pneumatic lift lever adjusts chair up or down to desired height position.

Breathe features a synchronized knee-tilt mechanism with a 2:1 ratio (back-to-seat). Tilt-lock lever can be positioned to 5 different lock positions or remain unlocked for free-float function.

Independently adjustable arms have a vertical height adjustment range of 2.5". The easy reach adjustment button, durable structure and soft contoured arm pad add comfort and ease.

The lumbar pad is built into the chair frame back structure for added durability. Lumbar pad can be adjusted easily from the seated position.

Breathe's optional headrest can be positioned and adjusted to offer all users optimum comfort.
