

REVELATION™ Seating

Comfort

User-friendly

Style

This is definitely not your average stack chair. Simplicity of design and ease of movement are the motivating factors behind the highly versatile Revelation Seating from OEI. Its contemporary design and variety of fabrics and finishes make it the perfect addition to any business environment. From an office, to

a waiting room, to a meeting facility, Revelation adds style to every space.

The line itself offers several different models – a fabric seat and back, fabric seat and poly back, poly seat and poly back, and arm and no-arm styles. The frames are powder coated in black, warm gray, or even chrome to match the decor of any office.

The back handle is incorporated into the back design and allows for easy movement and stacking.

The dimpled texture of the injected molded nylon seat and back allow for durability and style.

Revelation Stools are designed with style and comfort. Seat height is 30" with an overall height of 44".

Injected molded nylon arms provide durability and style.

REVELATION™ Seating

The contemporary design of the Revelation Chair delivers new levels of comfort, versatility and value in a highly mobile stack chair. Every detail has been considered in the Revelation line – from the dimples on the poly backs that add a visual accent, to casters that allow for smooth, gentle movement. Even the natural lip at the top is an added feature

to make grabbing, lifting and stacking these chairs a breeze.

The Revelation Stack Chair is at home in the modern office. It can be used as a guest chair, conference or waiting room chair, food service or meeting room chair, and many other applications. And this comfortable sculpted seating is available in a wide variety of fabrics so it will fit into any decor.

Contact your OEI representative today and discover the style, comfort and value of Revelation.

Upholstered seat pad has a unique waterfall design to allow for maximum comfort.

Upholstered seat and backs are securely attached to the poly shell but are easily field replaceable.

Molded seat and back contours add to the modern design of Revelation.

Revelation can be stacked 10 high on the tubular steel transport dolly.
