

SOLITUDE® Seating

Solitude With Arms

Comfort and style have never been so affordable, thanks to Solitude Seating. Solitude is an elegant stack chair solution for guest seating, food service, meeting and waiting rooms and more.

It has a distinctive look and feel that truly expresses an organization's commitment to quality and a flair for design.

The back flex of Solitude offers remarkable comfort. Its unique

shell is contoured and scaled to minimize pressure points. This shape also gives a distinctive look and feel to any environment containing Solitude seating.

Solitude brings high design in at a moderate price. One look will clearly show you how the distinctive style of Solitude can enhance any setting.

The back rib design gives maximum flex and support to each user.

Fiberglass reinforced arms provide strength and style. Arms are offered in the same colors as the seat and back.

The kick-back leg maintains stability and support while seated.

Solitude seating can stack 8 high on the floor or 12 high on the tubular steel transport dolly.

SOLITUDE® Seating

Solitude Armless

These chairs can be used one at a time as a side chair, or grouped in larger conference settings. They also conveniently stack for easy storage.

Solitude is available in a wide variety of colors and finish options. Its innovative, contemporary shell structure can be molded in black or warm grey, which can be accented by a fabric back and seat option.

Solitude is also available with or without arms, depending on the intended use.

Make a stunning statement in office decor with Solitude Seating.

The textured shell offers durability and an appealing look for any office environment.

The leg end caps on the no arm Solitude chair are color sensitive to the poly shell.

Upholstered seat and back pads are securely attached to the poly shell but are easily field replaceable.

The upholstered pads add elegance to Solitude's design and are accented by your choice a black or warm grey poly shell and numerous painted frame color options.
