Introducing the **Beam**

The new beam option can replace the conventional modesty panel when privacy is not an issue. Designed, primarily for 'against the wall' applications, the receptacle clearance beam allows easy access to electrical outlets, phone jacks and data ports. Perfect when you need it.

Basic Worksurfaces

IFT p. 4

Adjustable Keyboard Pad Worksurfaces

IFD p. 6

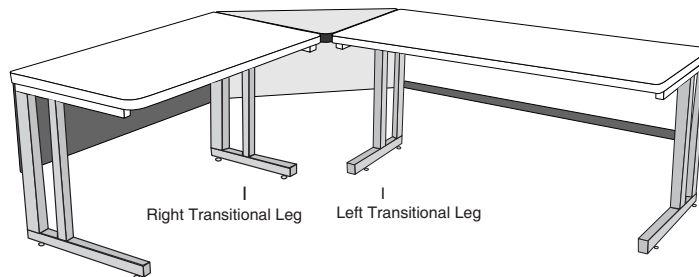

Corner Worksurfaces

IFC p. 8

Features

Solid core top	•	•	•
Plastic laminate surface	•	•	•
Flat vinyl T-edge	•	•	•
Seam-welded tubular steel frame	•	•	•
Chrome plated glides	•	•	•
Enamel legs	•	•	•
PVC Edge	•	•	•
Self Edge	•	•	•

Transitional Leg

Transitional leg bases are 6 inches shorter than standard leg bases for greater leg room and chair clearance when two surfaces are joined. When seated at the worksurface, "right" or "left" refers to the individual worksurface, not the assembled workstation. Cannot be ordered for an individual, free-standing worksurface.

SPECIFICATIONS

Worksurface Frames

Heavy-gauge seam-welded enamel finished tubular steel. Horizontal table top support tube, 16-ga., 1" x 1" steel. Floor support member, 16-ga., 1" x 2" steel tube. Top floor support tubes are welded with 16-ga., 1" x 2", 1" x 1" vertical leg members. 18-ga. steel modesty panel. Adjustable chrome-plated glides.

Worksurface Top

1 1/4" thick consisting of high-density particleboard, .050" high-pressure plastic laminate top surface with .045" phenolic backing sheet. Available with flat-vinyl T-edge, PVC Edge and Self Edge.

Transitional Surface Splice Plates

Die-formed steel splice plates attach to underside of units with screws. Splice plates are provided with Transitional Surfaces only. Standard connector plate provided when surfaces are of common height. Step connector plate provided for connecting 29" to 27" surfaces. Basic and keyboard worksurfaces are not provided with splice plates.

Adjustable Keyboard Pad Worksurface

Die-formed L-brackets attach to table and keyboard pad with screws. Threaded hand knobs lock keyboard pad in position. Available with flat vinyl T-edge or Self Edge.

Wire Management

2" x 2" openings with protected edges are provided for all worksurfaces. On basic adjustable keyboard worksurfaces and rectangular transitional surfaces The triangular transitional does not have a wire management grommet.

Weight Capacity

All Interface tables exceed ANSI/BIFMA 5.5 Standards. All Interface tables have been tested to withstand a weight of 10 pounds per lineal inch of worksurface evenly distributed along the entire length of the worksurface.

Outside Wireway

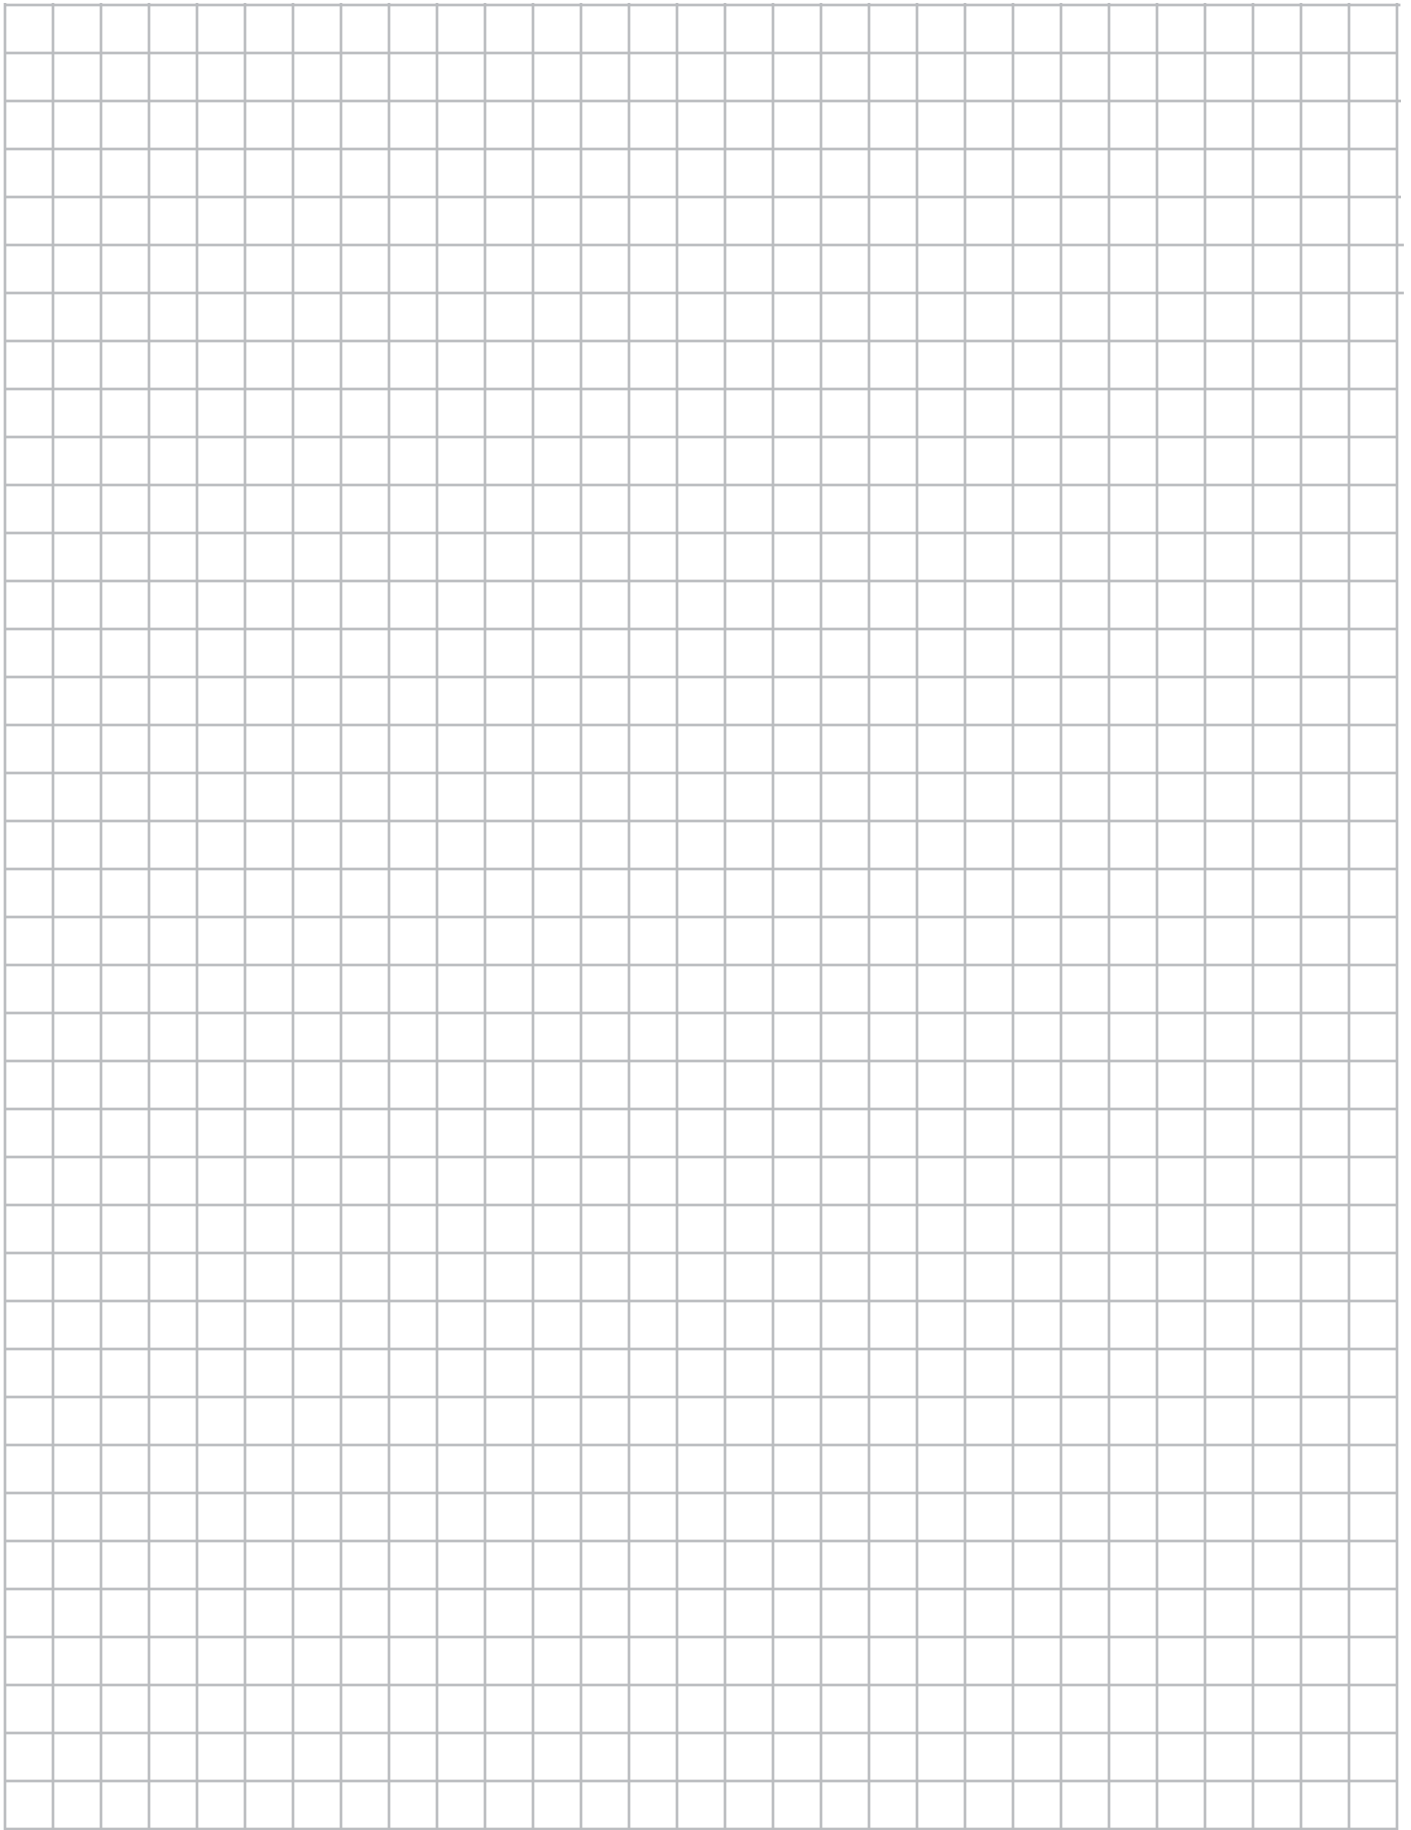

Wireway trough connects to existing openings at top of modesty panels and is constructed of 18 gauge steel with 1" deep by 1 1/2" high opening for cables.

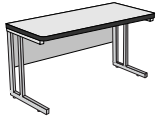

INFORMATION

Warranty

See "Terms and Conditions" for general information.

Structural Integrity 10 years
 High wear parts such as fabrics, other coverings material/finishes, glides, slides and user adjustable work surface mechanisms 1 year
 Electrical Products 10 years

MODEL

Basic Worksurface

- 1 1/4" solid core top with high-pressure laminate surface
- Flat vinyl T-edge, PVC Edge, Self Edge
- Enamel finish on legs
- Each leg is a welded unit joined by a modesty panel. Legs are located 1 1/2" from worksurface edge.
- Heavy-gauge seam-welded tubular steel frame
- 2" x 2" wire management port provided for all tables on both sides, at top of modesty panels
- Adjustable chrome-plated glides
- Standard outside wireway connects to existing openings at top of modesty panels with metal channel for wire management
- Optional grommets
- Optional transitional legs (6" shortened leg base)
- Modesty panels are 19" high and is located 1 1/2" from backside of worksurface.
- Optional beam construction

○ The selection of accessories will add dollar value to the workstation list price listed above. See "HOW TO BUILD A MODEL NUMBER" for prices for grommets, pencil drawers and hang-on files.

Take care that your accessories 'fit' on your workstation. See FITNESS INSTRUCTIONS below.

* A 30" and 36" wide worksurfaces will accommodate a pencil drawer or a hang-on file only.

HOW TO ORDER

Indicate the following information on order form:

1. Quantity of each item.
2. Model number, including options. See "How to Build a Model Number."
3. Any special service required.

- Note:
- The indicates that a choice is required.
 - The absence of indicates that no choice is required.
 - Alpha-numeric characters in place of indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

- A Select size of worksurface.
- B Select height.
 T = 27" Typing
 D = 29" Desk Add \$5
 A = 32" ADA Add \$10
- C Indicate location and type of leg.*
 S = Standard (both standard legs)
 R = Right (right transitional leg)
 L = Left (left transitional leg)
 B = Both (both transitional legs)
- *NOTE: If ordering Worksurface as a freestanding unit, or if one side connects to a transitional worksurface, the "B" option for both transitional legs is not available
- D Select Modesty panel or beam construction.
 M = Modesty Panel
 B = Beam

- E Select frame color for painted surfaces.
 BL = Black
 SA = Sand

ACCESSORY SIZING INSTRUCTIONS:

- The actual available space for placing accessories is 6 inches less than the width of the worksurface. Example: A 60" surface has 54" of available space.
- A pencil drawer requires 18" of available space.
- A hang-on file requires 16" of available space.
- A centered mounted pencil drawer will split the remaining available space in half.
- **All of these calculations are done for you on our Web site.**

ACCESSORY SIZING INSTRUCTIONS:

- The actual available space for placing accessories is 6 inches less than the width of the worksurface. Example: A 60" surface has 54" of available space.
- A pencil drawer requires 18" of available space.
- A hang-on file requires 16" of available space.
- A centered mounted pencil drawer will split the remaining available space in half.
- All of these calculations are done for you on our Web site.

All products in this price list can be configured and purchased online at www.buybsi.com

HOW TO ORDER

- Indicate the following information on order form:
- Quantity of each item.
 - Model number, including options. See "How to Build a Model Number."
 - Any special service required.

- Note:
- The indicates that a choice is required.
 - The absence of indicates that no choice is required.
 - Alpha-numeric characters in place of indicate that no other alternatives are available.

HOW TO BUILD A MODEL NUMBER

- A Select size of worksurface.
 T = 27" Typing
 D = 29" Desk Add \$5
 A = 32" ADA Add \$10
- B Select height.
 M = Modesty Panel
 B = Beam
- C Select Modesty panel or beam construction.
 M = Modesty Panel
 B = Beam
- D Select frame color for painted surfaces.
 BL = Black
 SA = Sand
 WG = Warm Grey
 GR = Grey
 LG = Light Tone
- E Select laminate surface.
 SP = Standard Laminate
 CP = Customer Specified Laminate
- NOTE: Many other laminates are available without an upcharge. Laminate swatches are available online or by request.
- F Select edge style
 BN = Flat Vinyl T-Edge
 3L = PVC Edge
- G Select edge color.
