

ITHACA™ Seating

ITHACA TASK & SLED

Luxury vehicle mentality.
Sedan sensibility.

That's the Ithaca Task Chair, which offers all the extraordinary features that make it sophisticated and stylish, but comes at a price that makes it reasonable and responsible.

It's loaded with amenities. The Ithaca Task Chair boasts an extremely cushy seat and back. Thick foam contours to mirror your body. It offers back height and seat depth adjustment so each user can find his or her most comfortable position.

There are four arm options to choose from:

- *Fixed Loop Arm*
- *Adjustable Task Arm*
- *Adjustable Loop Arm*
- *360° Pivot Adjustable Task Arm*

Ithaca offers a stylish, fixed loop arm option available in black poly.

Customize the chair's seat tilt tension with the turn of a knob.

A poly back shroud finishes off the tailored look of Ithaca Seating. The cushy seat contours to fit your body. Adjustable back height offers tailored back support. Simply raise or lower the back to the desired height.

Ithaca can be ordered with an optional seat slide mechanism allowing seat depth adjustment to create the perfect fit for any user.

ITHACA™ Stool

T-arms and loop arms are width and/or height adjustable to fit any user's needs.

The Ithaca stool's turnlock foot ring has style and can be set at an infinite number of positions to accommodate a variety of users.

Ithaca's arm offering has four options, including an adjustable, 360° pivoting arm cap model as shown here.

Ithaca's black poly back shroud can be upholstered for an even more upscale, finished look.

Ithaca's synchronized mechanism can be adjusted or locked by moving your back to the desired position, then pushing in on the back lock lever. Release lever to stay in free float position.

ITHACA STOOL

Ithaca is available as a task model, sled base or stool. All Ithaca seating features thick, plush, molded seat and back foam and a variety of ergonomic adjustments.

Ithaca seating offers a synchrotilt free-floating back, back height adjustment, and a multiple-position back lock for tailored support and comfort. But all that sophistication doesn't have a hefty price tag. In fact, the Ithaca Chair is so modestly priced, it's hard to believe a chair so reasonable offers so much.

But it does.

And that's what makes it so attractive. Employees will feel pampered. Your work environment will look fantastic. And you'll be able to smile about it all, knowing how little all that luxury is impacting the bottom line.
